- **BURMA BRIDGE:** traversing on a bridge made of ropes
- **JACOB'S LADDER:** rope ladder

## 2 ELECTRIFIED

The electric fence is a series of obstacles where participants must not allow any part of their bodies to touch the obstacles while attempting to cross to the other side. These activities require high levels of focus, concentration, problem solving techniques, teamwork and communication .

## 4 STACK & MATCH

The act of relocating a stack of tyres to stimulate planning and problem solving skills using existing resources.

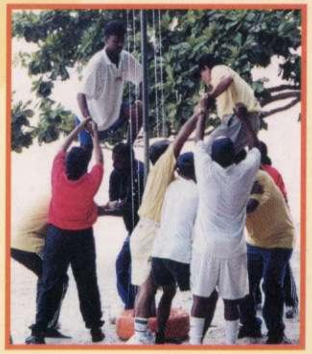

## 5 STUMPED

The simple act of crossing the log turns into a perilous task – teamwork is an absolute prerequisite to overcome this challenge.
